FCC10 Flightcase for 8x BBP5X Combi Charging

The BeamZ FCC10 Combi Charging Flightcase is the perfect solution for safely transporting and charging BBP5X wireless battery uplight fixtures. This durable, rolling road case with easily handles is the perfect solution for mobile use. When the show is over, simply connect the fixtures to the internal charging module and use the external plug to connect directly into standard wall voltage. In the other section you can charge up to 8 quick-change battery packs. The next day, your fixtures and extra battery packs are fully charged and ready to go again. Each case holds up to 8 fixtures and 8 battery packs with enough space for all power cables.
