LS02K Compact Speaker Stand Set

The LS02K is a kit with 2 compact tripod speaker stands with adjustable height and are compatible with any type of speakers with a hole diameter of about 35 mm. These black anodized telescoping stands are made of steel for durability and stability and the foldable design allows for easy storage and transportation. The tripod legs and pole are locked into position with easy to use twist knobs and features an additional safety catch pin to avoid sudden speaker drops. The stands are able to support equipment up to 20Kgs in weight.
