FCC9 FlightCase for 8x BBP9 series upright

The BeamZ FCC9 Charging Flightcase is the perfect solution for safely transporting and charging BBP9 series wireless battery upright fixtures. This durable, rolling road case with easily handles is the perfect solution for mobile use. When the show is over, simply connect the fixtures to the internal charging module and use the external plug to connect directly into standard wall voltage. The next day, your fixtures are fully charged and ready to go again. Each case holds up to 8 fixtures with enough space for all power cables.
