CX162 Stage Snake 12-in 4-out XLR 30 metres

Stage Snake multi cable with a solid metal stagebox. The multi-cable has 12 inputs(female) and 4 outputs(male) on stagebox, allowing you to send microphone signals to the mixer and send out floor monitors back to the stage. The cable is 30 metres long and thanks to the high quality, you will be able to enjoy it for years. Great for studio or live performances.
