CX107 DMX Terminator 3-pin

The CX Terminator plugs are designed to be connected to the last device in a daisy chain (DMX) to eliminate reflected signal noise that can confuse the operation of the lighting fixtures. The terminator has a 120 Ohm resistor what absorbs the DMX signal that can accumulate over a long series of fixtures. The ideal solution to avoid interference of DMX programming.

IP rating : N/A
Select both plugs : 3-pin XLR (M)
Outer diameter : 20mm
Impedance : 120 Ohm
Weight (kg) : 0,03

- Terminates DMX Cable Runs
- Prevents DMX bounce-back
- 3-Pin XLR
- 120 Ohm resistor
- Metal housing
