

176.310 **PD CONNEX**

CX192 RJ45 to 4xXLR3F Cable Splitter 0.7m

The PDConnex Cable Splitters are ideal for a wide range of applications including stage productions and live performances. The RJ45 network cable port provides quick, hassle-free connections for flawless use. This compact multi-network split cable allows you to connect up to 4 XLR-compatible devices without the need to download any software or drivers. Also includes a location to thread on a clamp or adapter with an M10 thread hole. Plug-and-play.

Product colour : Black

Select both plugs : 3-pin XLR (F), RJ45
