Improve soft, muddy RA systems by producing up to 400W of quality rich treble sound.

Compatible with a range of RA systems.

The wooden cabinet is finished in carpet.

Comes in Black.

Full Size

Full Product Description

This SoundLAB 400W 5 stage tweeter speaker system (an ideal solution to the problem of muddy, fat, and soft sounding RA systems) by producing up to 400 watts of quality rich treble sound. It is a great treble booster to compliment many RA systems. It features four 3.5-inch horn tweeters, plus a 4-inch 54-inch auger horn midrange tweeter.
