LS01 Speaker Stand black

The LS01 is a heavy duty tripod speaker stand with adjustable height and is compatible with any type of speakers with a hole diameter of about 35 mm. This black heavy-duty anodized telescoping stand is made of steel for durability and stability and the foldable design allows for easy storage and transportation. The tripod legs and pole are locked into position with easy to use twist knobs and features an additional safety catch pin to avoid sudden speaker drops. Can support equipment up to 30Kgs in weight.
