Riser D750 Stage Handrail 1m

This handrail is designed to fit into the Riser D750 profile. With 2 hand-tightened connectors, it is quick and easy to install. The handrails are fitted with an extra lower crossbar to prevent smaller objects to slide off the stage (for example, flight cases). Adjacent handrails can be connected together with a 2-point connection system for extra stability.

Product colour : Silver
Dimensions (L x W x H) : 1000 x 1500mm
Weight (kg) : 6,30

- Fitted with stage assembly material
